WE ARE APPROXIMATELY THREE WEEKS AWAY FROM MOVE-IN!

In three weeks you begin your new adventure here at the University of Central Missouri and life on campus. Our staff have arrived and are preparing for you to make our halls your new home.

We are excited to welcome you here soon!

WELCOME FROM THE UNITED STUDENT HOUSING ASSOCIATION

United Student Housing Association

We want to truly welcome all of you to UCM and life on campus! Our organization is here to serve students living on campus. We hope you will notice the welcoming nature of the housing personnel, USHA, and our sibling organization, National Residence Hall Honorary. Living on campus and getting involved can have a large impact on your

first year and the community you help create. We know by our own involvement that by living and getting involved on campus, you become part of a family. Housing leadership provides opportunities for students to become leaders on campus and in their own lives. Be sure to check out opportunities to get involved with us in USHA! Challenge yourself to meet other people and have a role in your community. We are here to advocate for you and help build a stronger residential community for you to thrive! Be sure to come see us at various events this coming year.

WHO IS HERE TO HELP?

One thing is for sure: You'll have all the help you need to settle into life at UCM. Your first line of assistance is your undergraduate staff member. There are Community Advisors (CAs) in all the residence halls. CAs are supervised by either an Assistant/Residence Hall Director who is also a student on this campus pursuing an undergraduate or master's degree. Learn more about all these positions below:

Community Advisors (CAs)

One of the most important people on your floor, and the first person you should go to for most non-emergency situations, is your Community Advisor (CA). In most buildings there will be two CAs per floor for first-year communities. The CA is an upper-class student, who has gone through a several week selection process and hired to be there for you. Within our apartment communities (Greenwood Park and Central Village), the students are Apartment Community Assistants (ACAs). The ways CAs/ACAs serve as a resource for residents:

- CAs are the first person you should go to for any situation.
- They are prepared to help with transition issues like homesickness, help with locating resources, roommate issues and much more.
- CAs will plan events and activities for the floor and help get you connected with the other students in the community.
- They will also confront inappropriate behavior to help the community be an respectful place to live and study.
- The most important thing to remember about your CA is they are right there with you whether you are a returning student or a first-year student.

HOW DO I FIND MY CA?

Each CA will have a room located in the building (not necessarily on every floor) and the room will indicate as such. You will also see a CA on duty, making rounds of buildings each night for student safety. Feel free to contact the desk if you want to know what room your CA is in!

HAVE NO FEAR!

Are you worried about having to share space for the first time? No need to fear! Our Community Advisors are trained in conflict mediation strategies so that you can have the best experience possible!

Residence Hall Directors & Assistant Residence Hall Directors

RHDs are students pursuing a graduate program here on campus. They truly value the undergraduate experience and some plan to continue working with students as their career. We also have Assistant Hall Directors who are undergraduates with at least one year of Housing experience. The RHD/ARHD lives and/or has an office in your building, so they are very accessible to you.

Ways these staff serve their communities include:

- Supervise CA staff & other student staff members
- Help your building develop a strong sense of community.
- Work with their supervisors on maintenance requests and concerns.
- Serve as a resource for any issues and challenges you have, after your CA.
- Serve as conduct officers (RHDs), which means if you experience a behavioral challenge you will meet with them to discuss how to make better decisions during your time at UCM.

The front desk in your hall is a great resource when living on campus! Our front desks are open for specific periods of the day to offer assistance for students in the residence halls. Signs will be posted with front desk hours. Front desk services include:
